

**Study - Port of London Authority River Works Licences for Residential Use**  
**Issues for consideration during the study - developed by the steering group**

Issues relating to value / the consideration for the licence		
Issue	Brief Description	Desired Outcome
1 Works licence / mooring value	Should the charge reflect the use to which the river works are put. If so why?	Recommendation with reasoning
2 Access agreements / riparian rights / ransom strip	Implications for fees where licence holder owns access land/river bank (cf Stokes V Cambridge). Disclosure of all access agreements and the fee paid up front or annually in respect of these rights? Study to consider the different scenarios and financial issues.	Recommendation with reasoning
3 Gross or Net	Consider whether costs should be off set. If so which costs.	Recommendation with reasoning

5 Premium payments "key money"	Should, or to what extent should premium payments be taken into account for the RWL? including disclosure of all premium payments made to either riparian owners or licensee to secure mooring rights. Study to consider the different scenarios and values.	Recommendation with reasoning
6 Boat rental value / mooring rental value	Consider relevance	Recommendation with reasoning

13 Locational factors	Should location factors be included in the fee calculation if so how?	Recommendation with reasoning
14 Grounding	Should there be a reduction for those boats grounding?	Recommendation with reasoning

19 Double licensing issue (HRO)	Clarification that houseboat dwellers will never have to pay a river works licence fee and a mooring fee.	Satisfactory clarification/undertaking by PLA

<b>Issue</b>	<b>Brief Description</b>	<b>Desired Outcome</b>
27 Adjustments as result of review	If proposals result in significant changes in the fees paid, a proposal on how phasing could be implemented.	A fair mechanism(s)
28 Future licence holders v existing ones	Consider the merits of having different approaches to existing licences vs. future licences.	Recommendation with reasoning
