Long Reach

Long Reach - Dredging Operations

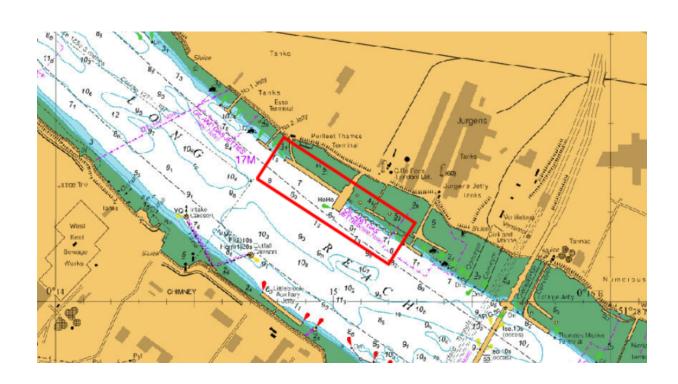

NOTICE TO MARINERS

These dredging operations will be carried out by vessels "MAAS" and "BORR" using the water injection dredging method and will be conducted during ebb tides only.

Requirements to proceed with caution or at slow speed will be made in accordance with the procedures set out in the Port of London Authority's Port Information Guide, with the International Code Flags 'Romeo Yankee (RY)', which are illustrated here, displayed.

The display of these signals will be in addition to any lights or shapes required under local regulations and the International Regulations for Preventing Collisions at Sea.

Further details will be broadcast as needed by London VTS on VHF channels 68.

Telephone calls, VHF radio traffic, CCTV and radar traffic images may be recorded in the VTS Centre
