NOTICE TO MARINERS

When built, the pontoon is 27m x 7.5m and will be held in position by means of mooring points on the existing Tideway structure, spud legs and anchors at the eastern end. All mooring points including the anchors will be within the red area and the anchors will be marked by a buoy when submerged. A HIAB crane will be mounted to the western end of the pontoon.

Arch 2 of Blackfriars Bridges will remain closed throughout, as indicated by the smart signal light and in accordance with the Port of London Authority's [Port Information Guide](#), under 'Bridges', section 2.1.

During these works a work boat SHAKEDOG/CHILLI DOG or similar will be used to supply materials and staff to the modular pontoon daily. Any works vessels will maintain a listening watch on VHF channel 14.

Telephone calls, VHF radio traffic, CCTV and radar traffic images may be recorded in the VTS Centre
