Mortlake Reach

## Mortlake Reach - Kew Rail Bridge - Survey Operations

### NOTICE TO MARINERS

## Mortlake Reach - Kew Rail Bridge - Survey Operations

From **Tuesday 4th November to Thursday 6th November 2025**, contractors will be conducting a survey of Kew Rail Bridge from a vessel. These works will take place between the hours of 1000 and 1500 and are expected to last up to 3 days.

The operations will involve a non-intrusive survey by boat and grab sampling. During survey operations the vessel will make repeated upstream and downstream passages through bridge arches and with an average survey speed of <2 knots. The vessel will not stop or hold position within any arch or the authorised channel at any time.

River users should navigate with caution, maintaining a proper lookout at all times.

The vessel involved will be chartered from Livett's Launches Ltd, will monitor **VHF Channel 14** and inform **London VTS** at the beginning and end of each period of work.

Telephone calls, VHF radio traffic, CCTV and radar traffic images may be recorded in the VTS Centre
