Guaranteed Minimum Pension (GMP) Increase Orders

As explained in previous correspondence, special pension increase provisions apply to the Guaranteed Minimum Pension accrued from April 1988 to the date of ceasing to contribute to the PLA Pension Fund.

Legislation requires that a review of the special pension increase be undertaken in April of each year. As the Consumer Prices Index published for September 2015 showed a negative increase (-0.1%) no GMP Increase Order has been issued for 2016.

Accordingly your pension will remain at the current level.

A handwritten signature in black ink, appearing to read "D Bottacchi".

D Bottacchi (Miss)
Pensions Manager
